A-1	HQ, DA NOTICE TO OFFERORS - USE OF CLASS I OZONE-DEPLETING SUBSTANCES	JUL/1993
-----	---	----------

(a) In accordance with Section 326 of P.L. 102-484, the Government is prohibited from awarding any contract which includes a specification or standard that requires the use of a Class I ozone-depleting substance (ODS) identified in Section 602(a) of the Clean Air Act, 42 U.S.C. 7671a(a), or that can be met only through the use of such a substance unless such use has been approved, on an individual basis, by a senior acquisition official who determines that there is no suitable substitute available.

(b) To comply with this statute, the Government has conducted a best efforts screening of the specifications and standards associated with this acquisition to determine whether they contain any ODS requirements. To the extent that ODS requirements were revealed by this review they are identified in Section C with the disposition determined in each case.

(c) If offerors possess any special knowledge about any other ODSs required directly or indirectly at any level of contract performance, the U.S. Army would appreciate if such information was surfaced to the Contracting Officer for appropriate action. To preclude delay to the procurement, offerors should provide any information in accordance with FAR 52.214-6 or 52.215-14 as soon as possible after release of the solicitation and prior to the submission of offers to the extent practicable. It should be understood that there is no obligation on offerors to comply with this request and that no compensation can be provided for doing so.

Name of Offeror or Contractor:

These are the guaranteed minimum quantities to be awarded under this solicitation and specifically represent the guaranteed "minimum" quantity as defined by the referenced FAR and DFARS clauses contained within this solicitation document either in full text or incorporated by reference. The guaranteed minimum quantities will be obligated at time of award under Delivery Order 0001. All other estimated buy quantities are estimates only, and do not bind the Government in any way.

3. The Government's projected buy quantities, by Ordering Period, as set forth on the Price Evaluation Sheet (Attachment 002) represent the best estimate of actual projected demands. These quantities may be impacted by many unforeseen factors including changing technologies and budgetary influences, etc. The minimum and maximum quantity pricing ranges, as shown on the Price Evaluation Sheet (Attachment 002), are provided solely for the purpose of establishing reasonable ranges of quantities against which to provide prices, and to establish ordering limitations in the event that orders beyond the minimum quantities are executed. The Price Evaluation Sheet also establishes the ordering limitations defined in Clause IF6029, "Order Limitations" (FAR 52.216-19). Under this IDIQ contract scenario, the Government promises a minimum buy quantity at time of contract award. Except for the guaranteed minimum quantities stated above, the Government does not guarantee any future awards of projected buys.

4. Ordering periods covered by this solicitation (based on an award date of 30 September 2002) are specified below:

Ordering Period 1: Date of award - 30 September 2003
Ordering Period 2: 1 October 2003 - 30 September 2004
Ordering Period 3: 1 October 2004 - 30 September 2005

5. The proposed unit prices for all quantities, both the guaranteed minimum quantities and the indefinite quantities shall be marked on the Price Evaluation Sheet at Attachment 002. Proposals failing to offer prices for all three ordering periods will not be considered. Proposals offering prices for quantities other than those solicited will not be considered.

6. All delivery orders will be issued UNILATERALLY by the Government with firm delivery dates at the unit price corresponding to the ordering period. The delivery date for all CLINs on Delivery Order 0001 will be 120 days after date of award. Follow-on delivery orders will provide for 120 days production lead time on all CLINs.

7. Offerors are required to submit prices for production deliveries based on F.O.B. Destination. Shipping destinations will include Rock Island Arsenal, IL, and/or New Cumberland Army Depot, PA. Destinations will be more specifically addressed in the Section B of the delivery orders.

8. The Government is only liable to buy the quantities ordered under signed delivery orders and will not be held liable for the Contractor's decision to build quantities ahead of the schedule.

9. Only Contracting Officers of the following activity are authorized to issue orders under this IDIQ contract:

Tank Automotive and Armaments Command - Rock Island (TACOM-RI)
AMSTA-LC-CFA
Rock Island IL 61299-7630
