

QUALITY ENGINEERING REQUIREMENTS

NSN: 3465-00-022-8817

PRON: M142TE52M1

The following Item and Documents are applicable to this procurement with the Additions and Exceptions noted.

ITEM: FIXTURE: LATHE, METAL CUTTING

APPLICABLE DOCUMENTS: Battlefield Maintenance Systems Engineering Performance Description for Fixture, Lathe, Metal Cutting-PD-395 dated 31 January 2001 with any subsequent revisions.

ADDITIONS AND EXCEPTIONS: The production items shall be inspected to determine compliance with the above Applicable Documents. The inspections and tests shall be the same as the supplier utilizes when the item is manufactured and distributed for the commercial market unless otherwise directed. The absence of any directed inspection in APPLICABLE DOCUMENTS shall not relieve the supplier of the responsibility of assuring that all items submitted to the Government for acceptance comply with all requirements. Failure to meet any specified test for the indicated feature shall be cause for withholding acceptance of the unit.

PACKAGING INSPECTION: The items shall be inspected before and after packaging to determine compliance with the preservation, packaging, packing and marking requirements specified in the contract.
