Name of Offeror or Contractor:**EXECUTIVE SUMMARY**

1. This procurement is a 100 percent Small Business Set-Aside.
2. The government intends to evaluate proposals/offers, without discussions with offerors, and award a firm fixed price, Indefinite Delivery Indefinite Quantity (IDIQ) contract, with five pricing periods. See FAR 52.216-18, 52.216-19, and 52.216-22 for additional information on IDIQ type contracts.
3. If one contract is awarded, the total guaranteed minimum quantity is 35,000 each, Handguard Assembly. If two contracts are awarded, the guaranteed minimum quantity is 17,500 for each contract. Offerors should be aware that the government is not obligated to award any additional requirements or place any additional delivery orders other than the first delivery order for the initial guaranteed minimum quantity specified.
4. Since no discussions are intended, each initial offer or proposal should contain the offeror's best terms from a price and delivery standpoint.
5. All prices shall be submitted on the Price Evaluation Sheet, Attachment 001. Any omissions on the pricing sheet or failure to propose prices for the minimum guaranteed quantity and on every range and ordering period shall result in rejection of that proposal/offer and no further consideration shall be given to that offeror's proposal/offer. The price evaluation sheet will be incorporated into the contract at time of award.
6. Offeror's prices submitted for the guaranteed minimum quantity shall be firm fixed price and are non-negotiable. The prices submitted for any possible additional quantities under "Ordering Period 1" and "Ordering Period 2" through "Ordering Period 5" shall be the proposed/offered ceiling price for each range and ordering period and will be used for any additional requirements and for evaluation purposes to determine the total evaluated price. The offeror shall be bound by the unit price(s) proposed in the Pricing Evaluation Sheet.
7. If a single award is made for the guaranteed minimum quantity of 35,000 handguards, delivery of 5,000 each is required 120 days after award and 5,000 each per month thereafter until completion. If the minimum guaranteed quantity is split between two offerors, each awardee shall be required to delivery 5,000 each per month within 120 days after award. See Section B, Supplies and Services, page 6.
8. If additional orders are placed, the stated maximum ordering range quantities are established as specific limitations on the ordering authority of the Government. In no instance will the Government place orders in excess of the total maximum ordering range quantity stated for each ordering period. The Government will issue all delivery orders unilaterally with firm delivery dates.
9. All delivery orders will be issued utilizing the unit price proposed for the applicable quantity range by ordering period. However, if award of an order in any ordering period is made at a unit price established for a smaller quantity range and cumulative orders for that ordering period exceed that quantity range, a unit price adjustment will be calculated against all previously ordered quantity for that ordering period that have not been accepted by the Government (via DD250), and also applied against remaining ordering period quantities to apply the correct range unit price for the cumulative total quantity for that ordering period.
10. Each delivery order stands on its own except for cumulative pricing.
11. Evaluation of proposals/offers shall be in accordance with the evaluation guidelines in Section M of this solicitation.
12. Following are the dates of the Ordering Periods (OP) covered by this solicitation:

Ordering Period (OP) 1:	Award Date	-	30 September 2001
Ordering Period (OP) 2:	01 October 2001	-	30 September 2002
Ordering Period (OP) 3:	01 October 2002	-	30 September 2003
Ordering Period (OP) 4:	01 October 2003	-	30 September 2004
Ordering Period (OP) 5:	01 October 2004	-	30 September 2005
13. The minimum and maximum quantity ordering ranges, as shown below and on the Price Evaluation Sheet, Attachment 001, are provided solely for the purpose of establishing reasonable ranges of quantities against which to provide prices, and to establish ordering limitations in the event that orders beyond the instant minimum quantity are executed.
14. The Government's projected buy quantities, by Ordering Period, as set forth in the table below, represent the best estimate of actual projected requirements, based on a combination of order history, actual orders on hand, and projected demand. These quantities may be impacted by many unforeseen factors including changing technologies and budgetary influences. Therefore, ordering ranges have been established.

Name of Offeror or Contractor:

(d) Excess property shall be completely destroyed or mutilated (whichever is prescribed) prior to final payment, as set forth below. Demilitarization is necessary in order that the property will be unusable or nonreclaimable for its original purpose, and to preclude the possibility of reconditioning the property to make saleable as implements of destruction.

(1) The following items are considered to be SME and require total destruction worldwide:

(i) All nonautomatic, semiautomatic, and automatic firearms and other weapons up to and including .50 caliber and all components and parts;

(ii) Shotguns and all components and parts;

(iii) Shoulder fired grenade launchers and all components and parts;

(iv) Man portable rocket launchers and all components and parts;

(v) Individually operated weapons which are prorable and/or can be fired without special mounts or firing devices and which have potential use in civil disturbances and are vulnerable to theft and all components and parts;

(vi) Pyrotechnic pistols and other ground signal projectors and all components and parts;

(vii) Rifle grenade launchers and all components and parts;

(viii) Magazines and ammunition clips for items in this category. (Clips for the M1 rifle do not require demilitarization.)

(x) Technical data related to the manufacture or production of any defense article enumerated above.

(3) The following items are considered to be MLI accessories and require total or key point destruction worldwide, or as indicated:

(e) Method and degree of demilitarizations.

(1) For items listed in subparagraph (d)(1) above, the preferred normal method of demilitarization is by torch cutting utilizing a cutting tip that displaces at least 1/2 inch of metal. All cuts will completely sever the item and be made in accordance with instructions applicable to the items being demilitarized as depicted in appropriate figures in Appendix 7 of DoD 4160.21-M-1, Defense Demilitarization and Trade Security Control Manual. Shearing, crushing, deep water dumping or melting may be utilized when such methods of demilitarization are deemed more cost effective and/or practicable and are authorized by appropriate authority.

(2) Machine Guns will be demilitarized by torch cutting utilizing a cutting tip that displaces at least 1/2 inch of metal or shearing the receiver in a minimum of two places or by crushing in a hydraulic or similar type press. The barrel will be torch cut, sheared or crushed in the chamber area and in two or more places to the extent necessary to prevent restoration. If the shearing or crushing method is used, the trunnion block and side frame must be completely cut through, broken or distorted to preclude restoration to a usable condition.

Name of Offeror or Contractor:

(3) Receivers shall be demilitarized by torch cutting in a minimum of two places utilizing a cutting tip that displaces at least 1/2 inch of metal or crushed to the extent necessary to preclude restoration to a usable condition.

(5) Accessories; i.e., silencers and mufflers, rifle grenade launchers, riflescopes and all types of telescopic and optical sights including those designed for night sighting and viewing, and gunmounts (including bipods and tripods) will be demilitarized by breaking, crushing or cutting in a manner which precludes restoration to a usable condition in accordance with instructions applicable to the items being demilitarized as depicted in appropriate figures contained in Appendix 7 of DoD 4160.21-M-1.

(6) Other metallic parts, including M2 conversion kits, will be demilitarized by cutting, crushing or melting.

(7) Technical Data, to include any reproduced copies, additional drawings and working papers, will be demilitarized by burning, shredding or pulping.

(f) If demilitarization by melting is authorized and the Contractor does not possess the capability to perform this operation, this could be accomplished at Contractor expense by Rock Island Arsenal. If you desire to use this method, refer to the clause in Section J titled 'Attachment - Demilitarization by Melting/Demilitarization of Surplus Small Arms Weapons and Parts.

(g) The requirements of this clause shall apply to any packaging of Government property and excess property containing nonremovable markings required exclusively by this contract. Removable markings shall be removed before any nondemilitarized disposition.

(h) The Contractor/subcontractor agrees that no items demilitarized, as stated above, will be disposed of by the Contractor/subcontractor other than as scrap.

EVALUATION FACTORS FOR AWARD

	<u>Regulatory Cite</u>	<u>Title</u>	<u>Date</u>
1	52.216-27	SINGLE OR MULTIPLE AWARDS	OCT/1995
2	52.212-2	EVALUATION - COMMERCIAL ITEMS	JAN/1999

(a) The Government will award a contract or contracts resulting from this solicitation to the responsible offeror(s) whose proposal/offer conforming to the solicitation is the most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate proposals/offers: PAST PERFORMANCE AND PRICE. THE GOVERNMENT RESERVES THE RIGHT TO MAKE MULTIPLE AWARDS AND AWARD TO OTHER THAN THE LOWEST PRICE, RESPONSIBLE/RESPONSIVE OFFEROR.

(b) The Government will evaluate proposals/offers based on prices proposed for CLIN 0001 listed on the Price Evaluation Sheet (Attachment 001) for all ordering periods and any other price related factors required by the solicitation. If an offeror takes exception to any of the ordering periods or does not provide prices for all quantities and ranges listed on the Price Evaluation Sheet, the Government may reject that proposal/offer as unacceptable and no further consideration shall be given to that offeror's proposal/offer. The evaluated CLIN price is the sum of the evaluated prices for all ordering periods. For each ordering period, proposed unit prices for each range will be multiplied by the assigned weight then added to obtain a weighted unit price. The assigned weight represents the estimated likelihood that an order will be made within that range for each given ordering period. For purposes of evaluation, the evaluated price for CLIN 0001 will be calculated by multiplying the weighted unit price by the estimated most likely quantity for each ordering period. The total evaluated CLIN price is the sum of the evaluated prices for all ordering periods.

(c) The Government reserves the right to make up to two awards, if it is in the Government's best interest to do so. If multiple contracts are awarded, each successful offeror will be awarded one half (17,500) of the total guaranteed minimum quantity of 35,000. Offerors should be aware that the Government is not obligated to award any additional requirements or place any additional delivery orders other than the first delivery order for the guaranteed minimum quantity. Since no discussions are intended, each initial offer or proposal should contain the offeror's best terms from a price and delivery standpoint.

(d) Offeror's prices submitted for the minimum guaranteed quantity shall be firm fixed price and are non-negotiable. The prices submitted for any possible additional quantities under Ordering Period 1 and Ordering Period 2 through Ordering Period 5 shall be the proposed/offered ceiling prices for each range and ordering period. These ceiling prices will be used for any future requirements and for evaluation purposes to determine the total evaluated price. The offeror shall be bound by the unit prices proposed in the Price Evaluation Sheet.

(e) If multiple awards are made, oral quotes will be requested from any successful awardee(s). The Government will consider price, past performance, ability to meet the required delivery schedule, and production capability when awarding any subsequent delivery orders.

(f) In order to be eligible for an award, the offeror must have signed and agreed to comply with the terms contained in the nondisclosure agreement.

(g) A written notice of award or acceptance of a proposal/offer, mailed or otherwise furnished to the successful offeror(s) within the time for acceptance specified in the proposal/offer, shall result in a binding contract without further action by either party. Before the proposal's/offer's specified expiration time, the Government may accept a proposal/offer (or part of a proposal/offer), unless a written notice of withdrawal is received before award.
