1. This will be an all or none procurement. Contractor's failing to bid on all items, all pricing periods, and all ranges will not be considered.
2. First Article Testing (FAT) is required on NSN 1025-01-312-1014 prior to production.
The box to the right of First Article Test is for your proposed price of FAT for this NSN.
Offers failing to propose on the FAT will not be considered.
3. For evaluation purposes, the Government has weighted the ranges based on the likelihood that if an order is placed, it will be placed in that particular range. The total evaluated price will be calculated by multiplying the offered prices by their respective weights and minimum quantities for each range, adding the totals for all CLIN's and all pricing periods, and adding the proposed FAT price.
4. The FAT price will be priced separately and will be amortized into the unit price for the first ordering quantity at award.
