

November 14, 2001

Ms. Deb Juhl
Contracting Officer-Department of the Army
Targetry Systems Team
United States Army Tank-Automotive and Armaments Command
1 Rock Island Arsenal
Rock Island, IL 61299-7630

Dear Ms. Juhl;

This package is being sent to you in response to your email dated November 11, 2001 addressing a request for pricing due on November 13, 2001 for solicitation DAAE20-01-R-0083 for Army Targetry Systems Hard Wired ranges. We acknowledge receipt of an email from Ms. Judy Bechtler-Holzer dated November 13, 2001 extending receipt of pricing until November 14, 2001, but choose to turn in pricing now.

ICRC reserves the right to negotiate intellectual property rights after TACOM's receipt of BAFO pricing. Based on the government's removal of O&S Cost from consideration as part of the selection criteria, ICRC has withdrawn its Enhanced Warranty as described during the oral presentation. This best and final price does include a warranty as specified under Section I-121 of the RFP.

If you have any additional questions, please feel free to call Mr. Russ Maze at (248) 823-4286.

Best Regards,

Kevin Mulrenin
Vice President
Advanced Vehicle Technologies

ATTACHMENT 3
CONTRACT NUMBER DAAE20-02-D-0023

CONTRACTOR ASSERTION OF INTELLECTUAL PROPERTY RIGHTS

Integrated Concepts and Research Corporation (ICRC) will be fulfilling the requirements of Contract Number DAAE20-02-D-0023, in part, by providing TOM® Rapid Deployment Training System (“TOM®”) components and software and modifications of TOM® components and software.
