1. This will be an all or none procurement. Contractor's failing to bid on all years, and all ranges may be disqualified.
2. If appropriate, the First Article Test cost will be added to Ordering Period 1 as part of the evaluated price.
3. For evaluation purposes, the Government has weighted the ranges based on the likelihood that if an order is placed, it will be placed in that particular range. An evaluation price for each year will be calculated by multiplying the offered unit prices by their respective weights and minimum quantities for each range and adding them together.
4. A total evaluation price will be determined by adding the adjusted totals on all years.
