# INSPECT/REPAIR items are to be tested for NEOFs and, if necessary, repaired up through DS level maintenance per the applicable technical manuals.

\* INSPECT/STORE items are only to be tested for NEOFs and inspected for minor repairs.

\*\* INSPECT/REPAIR/UPGRADE items are older configurations of assemblies that will need inspection and testing, may need repair, and should be upgraded to the latest configuration. We are uncertain of the requirements for accomplishing these upgrades so these may be accomplished at the TAP facility or they may be returned to the OEM for the upgrade.

The repair and inspect quantities on the shaded items have been increased based on information provided by Ft. Hood indicating increased failures for these particular parts.

Dear Mr. Ebert:

The purpose of this letter is to remove the Eyesafe Laser Rangefinder (ELRF), P/N 12972530 and P/N 12972531 from Attachment 01 of the Scope of Work for the M1A1D Abrams. (See Modification P00011 and Modification P00012.) A revised list of items for storage/repair for M1A1D Abrams Tank is enclosed.

P00012 correctly describes the process for the ELFR. The ELRF is to be screened for NEOF, minor repair and storage. Major repair is to be done by Litton after the Government item manager directs shipment to Litton.

A formal modification to the contract to incorporate the revised list will be done at a later date.

The point of contact for this matter is Barbara Cunningham, AMSTA-LC-CAC-A, (309) 782-0600, fax (309) 782-4753.

Sincerely,

Subject: Request for Proposal for Five (5) Kits to Support  
Interim Contractor Logistic Support of the Thermal  
Management System (TMS)

Dear Mr. Ebert:

The purpose of this letter is to request General Dynamics Customer Service provide a proposal suitable for negotiation for five (5) kits to support interim contractor logistic support of the Thermal Management System (TMS). This effort will be awarded under the interim contractor logistic support scope of work and CLIN for TMS.

In addition, it is requested that GD provide a proposal for Interim contractor Logistic Support for TMS from 01 May 2001 to 30 Sep 2001. The Scope of Work will be the same that was used earlier and awarded under Modification P00006.

The point of contact for this matter is Barbara Cunningham, AMSTA-LC-CAC-A, (309) 782-0600, fax (309) 782-0704.

Attachment 07

Scope of Work  
TAP Logistics Support for the  
Thermal Management System (TMS)

C.1 SCOPE

The Contractor will provide maintenance and supply support to the M1A2 SEP fleet with the current Thermal Management System (TMS). The Contractor shall provide on site (Fort Hood) inspection and repair of the TMS LRUs from the TAP facility. The TAP Logistics Support will include test and repair capability and supply activity.

C.2 DEVELOP TEST AND RECHARGE CAPABILITY

The Contractor shall develop a test stand/bench, funded by CLIN 3, to evaluate the TMS. Testing will be limited to functional checks of the LRUs. The test stand will be capable of checking Air Handling Units (AHU) and Vapor Compression System Unit (VCSU) that are turned in for repair. The test will insure leak free functions and normal field maintenance tests identified in the technical manuals. The equipment used to repair the VCSU shall include the ability to purge and recharge the refrigerant.

C.3 REPAIR

C.3.1 LRUs shall be tested, repaired and/or evacuated from the TAP facility. Repaired items shall be returned to the TAP facility. Cannibalization of government owned assets is allowed with the prior permission of PM Abrams.

C.4 BENCH STOCK

Contractor is authorized to maintain bench stock at the TAP facility to support the inspection and repair of the VCSU and AHU. The stock will be limited to a dollar amount to be negotiated. Material declared excess during the performance and completion of the contract will be offered to PM Abrams and if not acquired will be disposed of IAW Contractor's plant clearance procedures.

C.6 PERIOD OF PERFORMANCE

The base period of performance is from contract award through 30 Sep 00 with four one-year option periods.
