Offerors must submit their Proposed Unit Prices in the bold outlined spaces.  
All other spaces are for Government Evaluation Purposes only.

The Government will multiply the Proposed Unit Price times its corresponding weight and add the resulting products to get a Weighted Unit Price which is then multiplied times the Estimated Quantity to determine the Evaluated Production Price.

The Total Evaluated Price is the sum of the evaluated prices for all Pricing Periods.  
Offerors are reminded that the Total Evaluated Price is for evaluation purposes only.  
There is no guarantee that the Total Evaluated Price will equal the total amount of award.
