(a) In accordance with Section 326 of P.L. 102-484, the Government is prohibited from awarding any contract which includes a specification or standard that requires the use of a Class I ozone-depleting substance (ODS) identified in Section 602(a) of the Clean Air Act, 42 U.S.C. 7671a(a), or that can be met only through the use of such a substance unless such use has been approved, on an individual basis, by a senior acquisition official who determines that there is no suitable substitute available.

(b) To comply with this statute, the Government has conducted a best efforts screening of the specifications and standards associated with this acquisition to determine whether they contain any ODS requirements. To the extent that ODS requirements were revealed by this review they are identified in Section C with the disposition determined in each case.

(c) If offerors possess any special knowledge about any other ODSs required directly or indirectly at any level of contract performance, the U.S. Army would appreciate if such information was surfaced to the Contracting Officer for appropriate action. To preclude delay to the procurement, offerors should provide any information in accordance with FAR 52.214-6 or 52.215-14 as soon as possible after release of the solicitation and prior to the submission of offers to the extent practicable. It should be understood that there is no obligation on offerors to comply with this request and that no compensation can be provided for doing so.

A-6 52.233-4503 AMC-LEVEL PROTEST PROGRAM JUN/1998
ACALA

(OCTOBER 1996)

If you have complaints about this procurement, it is preferable that you first attempt to resolve those concerns with the responsible contracting officer. However, you can also protest to Headquarters, AMC. The HQ, AMC-Level Protest Program is intended to encourage interested parties to seek resolution of their concerns within AMC as an Alternative Dispute Resolution forum, rather than filing a protest with General Accounting Office or other external forum. The AMC protest decision goal is to resolve protests within 20 working days from filing. To be timely, protests must be filed within the periods specified in FAR 33.103. Send protests (other than protests to the contracting officer) to:

HQ Army Materiel Command
Office of Command Counsel
ATTN: AMCCC-PL

-----	----------------------	------------------------	----------

1. Bidders/Offerors are required to submit their bids/offers for this solicitation via electronic response on the TACOM-ACALA Business Opportunities, open Solicitations web page, or via facsimile (datafax) to 309/782-2047. You MUST utilize

Name of Offeror or Contractor:

the clickable icon located in the "Submit Bid/Offer" column associated with this solicitation number on the web page from which you accessed this solicitation to submit your bid or offer. You may use your "back button" on your toolbar to return to the Open Solicitations page, or you may use the URL:

http://www-acala.ria.army.mil/ACALA/AAS/padds_web/index.html

2. These responses must arrive in their entirety by the time specified in the solicitation. Bidders/Offerors bear the responsibility of timely transmission of their bids/offers to ensure the availability of an open transmission line and to take into consideration the length of time required to complete the required upload transaction prior to the time established in the solicitation.

3. Upon opening the "Submit Bid/Offer" web page, the bidder/offeror will be prompted to fill in a brief form, listing information including company name, CAGE code, and point of contact email address and phone number. Following successful completion of the form, you will be prompted to an ftp upload web page, where you will:

- a. attach all electronic files representing the complete content of your bid/offer and all attachments, or
- b. submit your bid/offer and all attachments, or
- c. submit your bid/offer through a combination of attached electronic files and teletyped/database documentation.

4. Bids/Offers and all supporting documentation submitted as electronic attachments shall be provided either:

a. in an electronic file format for which the Government has available software (i.e. exhibiting any of the following file extensions: doc, rtf, ppt, dot, txt, asc, ans, wps, htm, html, htx, xls, xlt, prn, csv, xlw, wk4, wk3, wk1, wks, wql, dbf, dif, slk, xla, wmf, pot, pps, ppa, png, gif, jpg, exe, bmp, avi, mov, pdf) or

5. Although the bids/offers submitted in accordance with the instructions herein and on the TACOM-ACALA Business Opportunities, Open Solicitations web page will be transmitted to a stand-alone secure server, offerors may elect to utilize a commercial encryption program to encrypt their transmission. If an offeror elects to encrypt a bid/offer transmission, you must provide the electronic decryption key via a separate transmission from the "Submit Bid/Offer" icon. The key should be transmitted as soon as possible after the transmission of the bid/offer, but not later than the time established by the solicitation for receipt of bids/offers.

6. Bid/Offer attachments (a) using other than the above listed file extensions for which the Government has available software, and which do not include an electronic "viewer" for alternative electronic formats, or (b) which do not exhibit a file extension, or (c) which do not provide a decryption key for encrypted transmissions, shall be excluded from consideration.

7. The TACOM-ACALA secure server is equipped with multiple incoming lines to accommodate connection with multiple offerors at once and to minimize the possibilities of connection failure. The upload function is programmed to transmit an End of File (EOF) message back to the offeror at the conclusion of the upload, stating "Transmission successfully completed. Your Bid/Offer has been received." If you fail to receive this EOF message or if you receive a different system message (such as "Transmission timed-out. Please Try Again.") please reconnect and initiate the process again from the "Submit Bid/Offer" button on the New Solicitations web page.
