Name of Offeror or Contractor: LITTON SYSTEMS INC

SECTION A - SUPPLEMENTAL INFORMATION

1. The purpose of this modification is to authorize conditional acceptance and shipment in place of Eyesafe Laser Rangefinders (ELRF) in accordance with the following:

- a. This supplemental agreement authorizes conditional acceptance and shipment in place of ELRFs pending determination of cause and corrective action to resolve the Flashing F Problem. This modification does not constitute determination of responsibility or liability for the problem or its correction.
- b. The contractor agrees to assist in the evaluation and determination of cause of the failures, as well as recommending and implementing corrective action. If the root cause investigation determines that the problem is a contractor responsibility, Litton Laser Systems Division absorb the evaluation/determination costs incurred and repair each unit at no additional cost to the Government. This applies to all ELRFs located at the contractor's facility as well as units yet to be produced. Should there be a determination that correction of the ELRFs already accepted by the Government and not located at the contractor's facility are to be corrected, arrangements will be mutually agreed upon between the contractor and the Government at that time. In the event the root cause investigation determines that the problem is not a contractor responsibility, Litton Laser Systems Division reserves the right to seek equitable adjustment for evaluation/determination costs incurred.
- c. Once this issue is resolved and responsibility for correction determined, the necessity for a delivery schedule modification will be evaluated, and if necessary negotiated.

2. The total contract dollar amount is not changed by this action.

3. The contractor's email Subject: RE FW: Conditional Acceptance Mod for ELRF's dated 27 July 2000 is incorporated into this modification as contractor acceptance of this action as required by block 15A and B of Standard Form 30.

3. All other terms and conditions remain unchanged.
