Name of Offeror or Contractor: GENERAL DYNAMICS LAND SYSTEMS

SECTION A - SUPPLEMENTAL INFORMATION

1. The purpose of this modification is to incorporate the following changes:
 - a. GDLS Proposal GDLS L1850 and its terms and conditions shall apply to this award action,
 - b. as agreed during negotiations an obsolete microprocessor is to be provided as GFM for use in production,
 - c. the delivery schedule for this action is in accordance with the leadtimes negotiated and not as outlined in the Catalog Contract; and
 - d. the prices reflected in this action are for this contract only and are not valid for any additional orders under the Catalog Contract. However; option prices were negotiated for a 100% increase quantity and are valid for 180 days after date of the contract which would be 24 Aug 01.

2. Based on the obsolescence of microprocessors, the Government is to provide P/N DT28F016SA-100 (2MG Flash Memory Chip) as Government Furnished Material to be used in the production of this contract and any option quantities. The original proposal identified two (2) chips which were to be provided. However; during discussions and confirmed by correspondence, the contractor indicated that P/N 12900564 was no longer an issue and that only P/N 12900711-2 (the Flash Memory Chip) needed to be provided. As a result of the furnishing of Government Property, the following clauses are hereby incorporated into the contract:

Government Furnished Property (Short Form)	FAR 52.245-4
Government Furnished Property (Fixed Price Contracts) (Deviation)	FAR 52.245-2

3. All other terms and conditions of the Delivery Order remain unchanged.
